

AUSSKILL TRAINING CENTRE

TRAINING BENCHMARK B

Provision of corporate training to businesses in Australia

2017 Edition.
For use in Australia.

Migration Alliance 

ABOUT OUR COMPANY

AUSSKILL was established with one principle, generating and increasing value in our clients by providing high quality and effective corporate training. We pride ourselves on our delivery of high quality training solutions and professional development programs.

TRAINING BENCHMARKS

Training benchmark is a requirement for any sponsorship of a 457 and 186 work visa. Employers must adequately demonstrate that they have invested in training Australian employees or have made contributions to a industry training fund before they can consider sponsoring any overseas workers.

OUR PROCESS

AUSSKILL strives to provide a same day service, and can provide a receipt that demonstrates your financial commitment to meeting Training Benchmark B within one business day.

This ensures that there are no delays as you prepare to submit a 457 and 186 application.

WHAT WE DO

At AUSSKILL, we provide high quality and professional Training benchmark B (1%).

Training Benchmark B (1%) across most industries and occupations for 457 and 186 visas.

SELECTION OF SUITABLE TRAINING PROGRAMS

These are just some of the industries that our training benchmark B will cover:

Accounting & Finance

Building & Construction

Business Management

Engineering

Hair, Beauty & Wellness

Healthcare & Nursing

Hospitality & Tourism

Information Technology

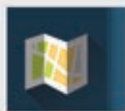

Sales & Marketing

Trades & Services and more!

As a national provider, AUSSKILL is well-equipped to conduct training in locations across major cities in Australia through three methods - onsite, classroom and online delivery.

01

AUSSKILL is committed to a same day service, and can provide relevant documents that demonstrates your financial commitment to meeting Training Benchmarks within one business day.

02

Close to all of our training attendees have successfully completed their training.

All attendees have feedbacked that the training is successful and achieved its goals.

All our attendees have booked subsequent training with us for their training requirements.

What makes us special?

Our learning approach is designed for today, using the principles of micro learning — short, smartly-engineered instructional bursts that are proven to command attention and generate retention.
